Call for Papers

5th International Symposium Parallel Corpora PaCor 2025

"(Parallel) Corpus-Based Approaches to Language and Data:

Generative AI Applications in Focus"

28-30 May 2025

University of Valladolid (Spain)

The ACTRES Research Group and the Department of English Studies at the University of Valladolid (Spain) invite the academic and professional community to participate in the **PaCor 2025 symposium**, to be held on **May 28-30th 2025** at the **Facultad de Filosofía y Letras** and **Facultad de Comercio y Relaciones Laborales** at the **University of Valladolid (Spain)**. This symposium aims to promote discussion and reflection and to explore the dynamic intersections between generative artificial intelligence and linguistic corpora.

We invite submissions from researchers across the disciplines who employ empirical approaches, including (but not limited to) corpus-based, generative AI and computational methods to address professional communication in multilingual contexts. We are interested in submissions including, but not limited to the following questions:

- The role of large language models (LLMs) in corpus linguistics
- Generative AI applications in translation and multilingual corpora
- Ethical implications of AI-generated language data
- Enhancing language teaching with AI and corpora
- Cross-linguistic and cross-cultural considerations in AI-generated texts
- Multilingual translation and professional writing
- Corpus encoding

On-site and **Online** participation are allowed. We encourage contributions in various languages, including **Chinese, Japanese, English, Spanish, French, German, and Italian**. However, please note that the **official languages of the conference will be English and Spanish**.

We are delighted to announce the following invited **plenary speakers**:

- **Suguru Ishizaki** (Carnegie Mellon University, USA)
- **Marie Aude Lefer** (Louvain School of Translation and Interpreting, UCLouvain, Belgium)
- **Mario Barcala** (NLPgo Technologies, S. L.)

In addition, a **Workshop** on text mining will be delivered by **José Manuel Fradejas** (Universidad de Valladolid, Spain), and a **Round Table** will be held as part of the conference, including professionals and experts in the field.

The symposium will include a social programme to be determined, as well as a Gala Dinner.

We are looking forward to meeting you in Valladolid!

Important Dates

- Deadline for **submission** of proposals: Monday, **January 20, 2025**
- Notification of **acceptance**: Monday, **March 3, 2025**
- Early bird **registration**: Wednesday, till **April 28, 2025**

Fees

	Early bird (before 28th April)	Registration (after 28th April)
Presenters (On-site)	€130	€160
Presenters (Online)	€90	€90
Students	€60	€60

Registration required for all signing authors.

Abstract Guidelines

- Abstracts in **Chinese, Japanese, English, Spanish, French, German, and Italian** are accepted. *Abstracts which are not in Spanish or English should also include a version in one of the two languages.
- Length: **500** words (excluding title, keywords, and references).
- The abstract should reflect the objectives, methodology, and (preliminary or expected) results of the research.
- Oral presentations: 20 minutes + 10-minute discussion.
- Maximum of **two** proposals per author (individual or co-authorship).

Proposal Submission

To submit a proposal, please register and attach your contribution in a .doc or .docx **anonymized** file at: https://www.pacor2025uva.es/125491/upload/pacor-2025.html

Publication

Selected papers will be published depending on peer-review outcome.
